

New decision by the OIQ's Disciplinary Council: Dany Moreau struck off the roll for 15 months

Montreal, August 15, 2019 – The Disciplinary Council of the Ordre des ingénieurs du Québec rendered its decision on guilt and sanction in the case of Dany Moreau, who has been temporarily struck off the roll for 15 months for violating two sections of the Code of Ethics of Engineers.

Mr. Moreau failed to comply with his duty of integrity by going along with dishonest or doubtful practices in view of obtaining municipal contracts on Montreal's South Shore. The alleged offences were committed between 2002 and 2009, while Mr. Moreau was Vice-President of the SM Group.

The [full version of the Disciplinary Council's decision](#), including the summary of charges, is available on the Web site of the Société québécoise d'information juridique (SOQUIJ). In its decision, the Disciplinary Council also ordered Mr. Moreau to pay all costs in connection with the proceedings.

As a reminder, the sanctions imposed by the Disciplinary Council are meant to protect the public by dissuading professionals from repeating offences and by setting an example for other members of the profession.

About the Ordre des ingénieurs du Québec

Founded in 1920, the Ordre des ingénieurs du Québec has a membership of some 64,000 engineering professionals in all fields, except forest engineering. The OIQ's aim is to be a unifying organization and a reference for professionalism and excellence in engineering. Its mission is to protect the public by acting to ensure that engineers serve society with professionalism and integrity, in compliance with the laws, regulations and standards that govern the profession and in the public interest.
